WEATHER

Fair tonight and Friday; little change in temperature; readings not available.

NEW HIGHWAY BIDS CALLED

Construction On Realignment From Clark's Corners West May Be Started In Fall

Indications that realignment of U. S. Route 50 between Clark's Corners and a point one mile west of El Dorado may be undertaken during the early fall are seen in a report that the Division of Highways, State Department of Public Works, will on Friday issue a call for bids on the project.

It is understood that the call will state that bids will be received at the office of the state highway engineer until 2 o'clock on September 8, and at that time opened and read.

The project referred to will eliminate the numerous curves on the existing road between El Dorado and Webber Creek, and will also realign the highway across Webber Creek, cutting out many of the numerous curves in this section.

In this connection, attention is directed to an aerial photo of the Webber Creek district, showing the many curves in the road, which will be found on Page 12 of this paper.

The total length of the project is 4.3 miles and it is understood the new right of way will leave the present highway about a mile and a quarter west of El Dorado and will bear to the left, closely following the railroad right of way.

According to highway boosters, the report that a call for bids will be issued Friday and that bids will be opened on September 8 would seem to indicate that a contract on the \$250,000 project may be let in the early fall with the work probably completed by spring.

Destroyer Blast Quiz Opened

Death List Mounts To Seven In Explosion Of Steam Pipe On Vessel In Dry Dock

PHILADELPHIA (UP) — The Navy opened an investigation today of an explosion aboard the destroyer U. S. S. Sassin that killed seven persons.

The newly constructed 1500-ton vessel, which was to have had final trials next month preparatory to joining the fleet, was in drydock when a steam pipe exploded yesterday.

Live steam and bits of metal from the pipe struck a group of civilian workers in the ship's boiler room.

FIVE INJURED WEDNESDAY AS TRUCK OVERTURNS NEAR MOSQUITO

Five youths were injured Wednesday evening, only two requiring hospitalization, when a truck overturned near the Mosquito CCC camp.

Ed Lalley remained at Placerville Sanatorium with a broken arm and Arthur Gildy was at the hospital under observation. Joe Egan, Willard Cartwright and Francis Conolley were given first aid treatment for cuts and bruises.

It is understood the truck was enroute to Placerville for a load of supplies for the CCC camp at Mosquito, and that the young men are all CCC enrollees.

George Olk Borne To Rest Thursday Afternoon

The funeral services for George Olk, 66, who died Monday at a Sacramento hospital, were held on Thursday afternoon from Memory Chapel, Rev. H. F. Bottorff officiating.

Mr. Olk, a native of Iowa born in 1870, had resided in this county for ten years and, while active, had been employed as a cattle hand by Mrs. Agnes Rupley. A nephew and a son survive.

Interment was at Middletown cemetery.

James Troy, 18, was arrested Wednesday evening by Deputy Sheriffs William Bathurst and Charles W. Ball and is being held at the county jail for investigation. Pending further developments, officials declined to comment on the case for publication.

PHOTO BY LAND-DEMOCRAT ENGRAVING

RESCUED AND RESCUER in the tragic cave-in at the Gopher-Boulder mine Wednesday with, above, a view of the portal to the tunnel after the cave-in. Below, left, Frank Libby, who escaped unhurt after being trapped for more than three hours and, right, George Frazier, whose act in immediately clearing debris from about Libby's head probably saved him from death by suffocation.

MINER KILLED IN CAVE-IN AS PAL IS RESCUED UNHURT

Survivor Freed After Being Trapped Three Hours In Debris; Victim Found To Have Died Instantly When Crushed Under Boulder Estimated To Weigh 15 Tons; Inquest Thursday Night

A miner was killed and two others miraculously escaped with only slight injury in a cave-in at the portal of the Gopher-Boulder mine in the Rescue district about 10 o'clock Wednesday morning.

Hero of the tragic accident is George Frazier of Fair Oaks, a cousin of Justice of the Peace T. P. Lewis of Placerville, to whom Frank Libby, 50, probably owes his life.

It was Frazier, one of the crew of three working at the mine, who heard Libby's cries following the cave-in, and who had the presence of mind to immediately clear enough of the debris from around Libby's head to permit him to breathe.

Then Frazier sought help. Libby, trapped for three hours from his shoulders down, in a mass of dirt, and huge boulders, refused hospital treatment when rescued and was found, upon examination, to be suffering from shock. No bones were broken, but the skin on his arms and his chest bore the creases of the pressure of boulders against his body.

Hardy Achzig was the man killed. He had been buried beneath from twenty to thirty tons of rock and dirt and was found directly under a boulder estimated to weigh about fifteen tons.

He had died instantly. Coroner A. J. Orelli, called to the scene with Dr. A. A. McKinnon, as soon as Frazier had done what he could for Libby, remained at the scene through most of the night. Dr. McKinnon was at the mine from shortly after noon Wednesday and until late Wednesday night.

He was on hand when Libby was rescued and stood by until rescuers had cleared away enough of the debris to permit him to determine that Achzig had died.

The Key Route Piedmont train will take visitors to within two blocks of the park if they will get off at 40th and Broadway and walk two blocks south.

Officers of the reunion association state they are hopeful of a larger attendance than in former years from present El Dorado County residents.

Bird-Busters To Shoot Aug. 23

Grand American Tournament Continues Through 4 Days At Vandalia, Ohio

VANDALIA, O. (UP) — Crack gunners from every section of the United States, Canada and the Canal Zone will converge here Aug. 23-27 for the 36th annual Grand American Trapshooting tournament.

The tournament will mark the 14th consecutive one which has been held at the permanent home of the Amateur Trapshooting Association of America.

Prior to the establishment of the home here in 1924, the tournaments were held in scattered cities. Eight times Chicago entertained the meet; four times it was contested at New York; three times at Indianapolis; twice at Columbus, O., Dayton, O., and St. Louis; and once each at Atlantic City, Cleveland, Springfield, Ill.; and Kansas City, Mo.

Ray E. Loring, manager of the A. T. A., expects upward of 1,000 competitors here for the tournament this year.

DONKEY BASEBALL GAME ON SUNDAY AFTERNOON AT BENNETT PARK

Placerville Lions, led by Bill Walker as captain, will line up against a team of ranchers, led by Dick Patterson, in the county's first donkey baseball game of the year, to be played Sunday afternoon at Marcus P. Bennett, Jr., Memorial Park.

The game is scheduled to begin at 2:30 o'clock.

Fans who saw the game last year will be well aware that the experience of the players will count for little in this hilarious parody upon the national sport in which the proverbial "contrariness" of the fourfooted participants plays a principal part.

Miss Merle Cheek, daughter of Mr. and Mrs. Clifford Cheek, of El Dorado, is reported as convalescing following a major operation performed by Dr. D. W. Babcock at a Sacramento hospital.

Chinese Regain Offensive

Take Control On Northern Shanghai Sector As Japan Troops Advance Northwest

SHANGHAI, Friday, (UP)—Chinese regained the offensive on one sector of the bitterly contested Northern Shanghai front at 2 a. m. today.

After they had been driven back earlier by an intense Japanese aerial and naval bombardment they reorganized and drove forward in the Kung Ping road district.

Elsewhere powder-burned khaki-clad Japanese troops drove forward on a 20-mile front northwest of Shanghai and Vice Admiral Hasegawa announced that he expected this bomb-devastated city to be freed of major military danger within 48 hours.

100-ACRE BLAZE CONTROLLED IN SHINGLE SPRINGS VICINITY

State division of forestry crews were successful Wednesday afternoon in bringing under control a 100-acre grass and brush fire burning on Shingle Creek. A crew remained at the site throughout the night.

The crew also was called to the vicinity of the Landecker mine on Wednesday evening to extinguish a blaze which burned over one acre.

Thursday morning about 4 o'clock, lookouts sighted a fire about one mile north of the Webber Creek school. The blaze covered an acre.

Fred C. Goffow Rites To Be Held Saturday

Funeral services for Fred C. Goffow, who died Wednesday evening at a hospital in Placerville, will be held Saturday afternoon at 2 o'clock from the church at El Dorado. Burial will be at El Dorado.

Mr. Goffow was a native of Missouri and passed his 67th birthday last Monday. He was a retired railroad employee, resident in this county for four years and had been a hospital patient since June 12.

His wife survives him. Mr. and Mrs. Elmer Mendonca and children of Oakland, returned home Wednesday after a few days visit with the former's brother and wife, Mr. and Mrs. Charles Mendonca.

SCHOOL BELL RINGS ON AUGUST 30

High School Registration Begins Wednesday; Classes Will Start On Monday

El Dorado County's school children will start their return to class rooms for Miss Earhart and he assures us On that day classes will take up at the high school and at some grammar schools, among them the Diamond Springs school and the Placerville school.

While the registration of high school pupils will open Wednesday morning, August 25, and continue through Thursday and Friday, there will be no pre-registration at the grammar schools.

Principal B. E. Larson urges all high school pupils to register at the earliest possible date. The entire faculty will be present at the school on Wednesday, Thursday and Friday of the coming week from 9 o'clock in the morning until 4 o'clock in the afternoon to assist in registration.

For the convenience of pupils who may be employed, Thursday evening from 7 o'clock until 9 o'clock has been designated as an evening registration. (Turn to Page 2)

FACULTY ASSIGNMENTS FOR HIGH SCHOOL ARE ANNOUNCED

The high school faculty assignment for the school year opening Monday, August 30, will be as follows:

B. E. Larson, Principal; Irene Anderson, Homemaking; Charles W. Ball, Band, Orchestra, Individual Instruction in Music; Lawrence A. Brown, Modern History, Boys' P. E., Coach; Thomas T. Chard, Commercial, Boys' P. E.; Wallace G. Collier, General Math., Business Arithmetic; Lillian Davey, Shorthand, Typing; Walter E. Dodds, Biology, General Science; Thomas Flynn, Civics and Orientation, Dramatics; Elizabeth Harper, Latin, French, Spanish; Lucia Hotchkiss, English II, Girls' P. E., Glee; Robert L. Lung, U. S. History, World Affairs; Robert Ramsey, English II, III, IV; Silvio E. Ronzone, Wood Shop; H. N. T. Schultz, Mechanical Drawing, Farm Mechanics; C. Bell Swansborough, Art, Sewing; Gladys Veerkamp, Library; Mary Naomi Wilkinson, English I, Business English; Harry Wolf, Algebra, Geometry, Trigonometry; Malcolm E. Wright, Vice-Principal, Science; Irene Larsen, School Nurse.

CITY'S BONDED DEBT \$89,000

Tax Delinquency For Past Year Less Than 2 Per Cent, Reflecting Better Times

By ESTHER A. MAHLER
Placerville City Clerk

The annual financial report of the City of Placerville for the fiscal year ending June 30th, 1937, has been published as required by law.

TAX RATE CUT
It will be noted that the tax rate for the year was \$1.65 for each \$100 of assessed valuation, which was 10 cents less than the rate for the previous year. The total assessment roll was \$1,614,930. The tax delinquency for the year is about 2 1/2 per cent as compared with approximately 5 per cent for the previous year, which fact denotes continuance of better times.

DEBT REDUCED
The total outstanding bonded debt has been reduced to \$89,000 with all principal and interest payments being made promptly. This is, of course, a more or less routine matter, however, particular attention is warranted, inasmuch as many cities have failed in the last few years, to make all payments of principal and interest on bonded debt.

The proposition which was placed on the ballot last June, proposing to incur a bonded indebtedness in the amount of \$50,000 for the installation and construction of sewer lines, and the erection of a sewage treatment plant, was defeated.

(Turn to Page 4)

Mr. and Mrs. Strickland Announce Marriage

Mr. and Mrs. Jerome Strickland of El Dorado, announce the marriage of their daughter, Mary Adeline, to Frank Fausel of Placerville.

The ceremony took place in Gardnerville, Nevada, August 4, 1937.

Miss Strickland was attended by her sister, Mildred.

The young couple are graduates of El Dorado County high school. Mr. Fausel is employed by the Associated Oil Company, while Miss Strickland is employed by the Telephone Company.

"HERE THE KING KNELT"
LONDON (UP)—The part of the carpet in the Sanctuary at Westminster Abbey where the throne stood and King George knelt at the coronation ceremony has been bought for Winchester Cathedral Sanctuary.

ECHO LAKES WORK IS NOW UNDER WAY

\$10,000 Improvement Project Begun On Monday By Forest Service Crew Of Fifteen

Eldorado Forest workmen on Monday started work on the \$10,000 improvement project at the lower end of Echo Lakes, conditioning the site for a projected recreational development.

Upon the completion of the improvements mapped, including landscaping of the property, the area will house a trading post which will become the gateway to the Desolation Valley Primitive Area.

Fifteen men are working on the project under the supervision of C. C. Herbert, forest road superintendent, and are engaged in building a new road to the lake front. Improvements contemplated also include the installation of a new pier and the reclaiming of marshy land near the lake for building sites.

In addition to this work, the area will be landscaped under the direction of a forest service expert from the regional offices.

It is hoped to complete the construction and reclamation phases of the project this fall.

WESTERN HORSE PLAGUE IS REPORTED IN COUNTY BY VETERINARIAN

Dr. L. J. Anderson reports there is an apparent recurrence of encephalomyelitis (western horse plague) in the county.

A number of horses died in the county a few years ago of the malady for which no certain treatment is known.

"There is a serum which is the best remedy for sick horses. Horses which may be exposed should be immunized," Anderson said. "Medicines are useless."

Owners of horses which are not afflicted should stay away from horses which are afflicted lest they carry the disease, Anderson warned.

Symptoms of the affliction are an apparent loss of vision and loss of a sense of equilibrium, he said.

Horses suspected of being afflicted should be kept on their feet in a shaded area and should not be permitted to exercise.

Charles Steneberg was here this week from Gerber, visiting his brother and sister-in-law, Mr. and Mrs. Harry Steneberg.

DIAMOND SPRINGS SCOUTS
HOLD COURT OF HONOR
ON THURSDAY NIGHT

By JAMES HENDERSON

While still studying on their second class tests, the Scouts at Diamond Springs were taken on a swimming party by Mr. Doe at the pool. After the swim we returned to Mr. Doe's home where we ate hamburgers and pie and drank punch. The hamburgers were cooked by Mr. Doe over an out-door fire. Bill Green found a few firecrackers and could not think of anything else to do with them but to throw them in the fire.

Those present were Mr. Doe, the Scoutmaster, Jack Landis and Joe Terapellis, assistant Scoutmasters, Mr. Wm. Liddicoet, and Bill Hayes of the Standard Oil Company. The Scouts were Elbern Boccicini, Harry DeWolfe, Bill Fisher, Billy Green, Jim Henderson, Billy Liddicoet, Hank Lee, Lloyd Pilatti, and Donald Way.

Bill Hayes, who can signal faster than Clem McCarthy, the fight announcer, can talk, heard some of the boys signal. We appreciate this very much because he gave us a good many ideas that were needed.

Last week the committeemen reviewed us on our second class work and found us alright. We are very proud of our committee because when they reviewed us, three were expected but five were present.

For entertainment there was a fight fought by Jack "Dead-Eye" Landis and A. Harmless Bat. At the sound of

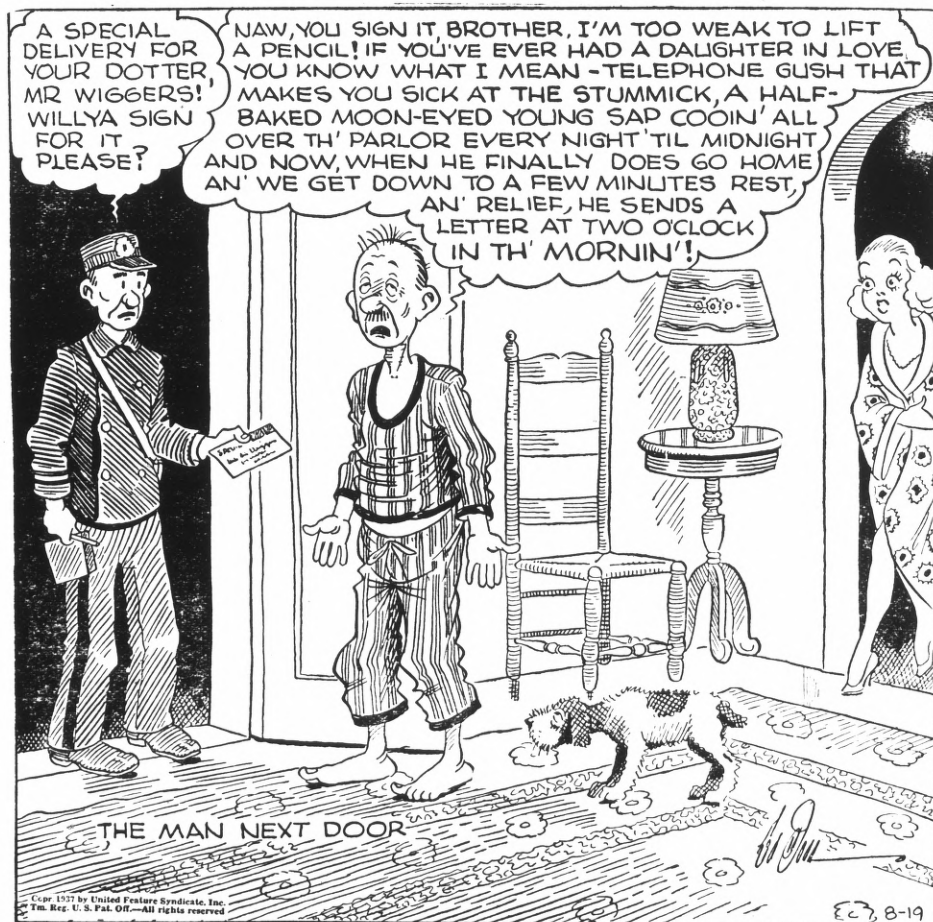

LEADER—Marion Miley of Cincinnati, daughter of a former Lexington, Ky., professional golfer, who led the Women's Western 72-hole medal play golf derby, when she carded 232 strokes in three rounds, eight strokes under par.

SCHOOLS OPEN
AUGUST 30

(Continued from Page 1)

period. "Class rolls will be made and the size of sections adjusted before the opening of classes on August 30. It is essential that registration be early," Mr. Larson said.

Parents who wish to confer with the faculty concerning school problems are invited to visit the school during the registration period, when faculty members will be comparatively free to devote time to these matters.

It is pointed out that classes will start on August 30 and at that time the faculty will be occupied with the details of getting the class work under way and will not be able to spare the time for discussion of individual problems that can be given to such matters during the registration period.

John H. Palmer, district superintendent for Placerville Grammar school, and J. Mayes Hudnall, principal of the Diamond Springs school, urge all pupils to be prompt in their attendance on Monday morning, August 30, since school work will be started in both on that date.

According to County Superintendent E. J. Fitzgerald, some other schools of the county will start work on September 6 and by the week following, all schools will be in session.

William Marks, Victim In
Gun Mishap, Goes Home

William Marks, accidentally shot a week ago while on a fishing trip in the Grizzly Flat section, was able to be removed from Placerville Sanatorium to his residence on Wednesday. Marks was shot in the abdomen in such a manner that his intestines were perforated fourteen times.

Dr. and Mrs. T. E. Jones and daughter will leave Saturday on a week's vacation trip. The doctor will return to his office on Monday, August 30.

Jr., of Long Beach.

Following a very pretty and impressive service made the more beautiful by its setting, a buffet luncheon was served and the happy couple took their leave amid a shower of rice.

Both were honor graduates of the University of California a few years ago and the bride, since her graduation, has been teaching school. Her husband is a civil engineer employed at San Francisco.

We offer our congratulations and our best wishes to the happy couple.

FARR SUFFERS BAD CUT UNDER EYE AS TITLE FIGHT DATE NEARS

LONG BEACH, N. J. (UP)—With his world's heavyweight championship with Joe Louis just one week away, Tommy Farr of Wales, today suffered a deep cut under his right eye during a sparring session.

MRS. ARTEMISIA WORTH, FORMER RESIDENT BORNE TO LAST REST

Funeral services for Mrs. Artemisia Hammel Worth, 82, widow of Tom Worth and a pioneer in El Dorado County, were held on Saturday at Alameda, where Mrs. Worth passed away Thursday, August 12.

She was a native of El Dorado, aged 82 years. Her father was Doctor Hammel, an early-day physician, and one of her brothers was some years ago steward at the county hospital.

Mrs. Worth is survived by a daughter, Mrs. Cox, and by two grandsons and one great grand daughter.

STRICKEN — Patrick Cardinal Hayes, heading the archdiocese of New York, largest in the world, reported resting comfortably after a 100-mile ambulance trip through the night and a driving rain, from his summer residence at Monticello, N. Y., to a New York City hospital. The 69-year-old prelate was reported suffering from indigestion.

Miner Killed In Cave-In

(Continued from Page 1)

The body of the man killed was taken from the mine at 3:25 o'clock Thursday morning, seventeen hours after the cave-in.

We learn that the mine is operated by two partners, Folmer & Tourney, and that Mr. Folmer is the operating superintendent but was absent from the mine on Wednesday.

Achzig, Libby and Frazier were working on the property and the first two named were inside the portal of the tunnel a short distance while Frazier was cleaning out the mouth of the tunnel with the use of a bull-dozer.

Apparently the vibration of the machine loosed the roof and side-wall of the portal and there was a cave-in in which some of the debris struck Frazier and sent him sprawling from the seat of the bull-dozer.

Either Frazier slipped the gears of the bull-dozer into neutral when he heard the cave-in coming, or some of the debris hit the gear shift on the machine and threw it out of gear.

Frazier recovered himself and found he had a leg injury, but, hearing someone yelling, he set to work immediately in a rescue attempt and was able to clear debris from about the head and shoulders of Libby. Then he sought help.

Libby reported to Coroner A. J. Orelli that he heard the cave-in coming. He said Achzig was ahead of him; apparently between him and the mouth of the tunnel, and that as soon as he (Libby) saw the cave-in coming, he turned and hurried away from the portal, into the mine tunnel.

Achzig, according to Libby, apparently had no intimation that there was a cave-in and it all happened so quickly that Libby was fortunate to save himself.

Three hours later, rescuers released Libby. They had been able to talk with him during the rescue work.

"I guess I'm hurt but I don't feel any pain; I'm numb all over," he told them.

Ranchers and others in the district had joined in the rescue work, assisting in hauling on a rope which was being wrapped around large boulders so that they could be pulled from the tunnel.

When Libby was rescued he explained to those at the mine that he had been pinned with his right foot doubled almost to the middle of his back, while his elbows were raised shoulder high and his fists doubled in front of his chest.

His arms and chest bore the marks of pressure of the rocks and debris. His head had been turned far to one side, too far for comfort, but he had still been able to retain consciousness.

When taken from the mine he refused hospitalization and declined to soil the white sheets of the ambulance cot with his dirty clothing by laying down.

Dr. McKinnon talked with him and Libby reported he felt numb and asked that his limbs be rubbed to restore circulation. He asked for a drink of water.

Someone suggested a stimulant and Dr. McKinnon said he hadn't any with him but that if there were any available, it wouldn't hurt Libby to have some.

The coroner's ambulance kit yielded a stimulant and Libby soon regained his composure and was able to hop about, shaking the stiffness out of his limbs.

Libby was out of mind to assist in efforts to find Achzig, but there was ample help at the mine for rescue work and his services were not required.

Coroner Orelli returned to Placerville about dusk and took lights to the mine to assist in the work of finding Achzig.

That the man was dead had been surmised for several hours by the res-

LEAPED INTO THE MONEY — Genevieve Croxford of Seattle, Wash., won the American Legion bathing beauty contest. Then, feeling lucky, she took an option on Challenger, in the frog-jumping contest. Challenger gazed in awe at his sponsor and leaped his darndest. While that may be stage money Miss Croxford holds, she did win on the frog's leap of 10 feet 4 inches.

Ronard Dixon Removed To Home On Saturday

Ronard Dixon, son of Mr. and Mrs. Malcolm Dixon, injured two weeks ago when the state fire truck was wrecked near Camino, continues to improve but is still under the care of a doctor, it was learned Thursday. Ronard's condition is such that he was able to be removed on Saturday to the home of his parents in the Rescue district.

Cosumnes Bridge Found Needing Support

Supervisor Cyril Heusner has received a report from the state department of public works on their inspection of the bridge across the Cosumnes River near Latrobe, lying partly in El Dorado and partly in Amador County.

The report finds the bridge needing strengthening and recommends an eight-ton weight limit on the bridge.

UNOFFICIAL STRIKES

LONDON (UP)—Last year in Great Britain industrial disputes not recognized officially by the trade unions concerned involved about 210,000 workers and lasted about 900,000 working days, Ernest Brown, minister of labor, announced.

old this coming Sunday. He was a veteran of the World War and is survived by his mother, Mrs. Louise Achzig, and a sister, Mabel, of 1426 H Street, Sacramento; and by one other sister, Mrs. Elizabeth Driver of Roseville, in addition to nephew, Earl Worley of Sacramento.

Coroner Orelli scheduled an inquest to be held Thursday evening.

LOADING RUBBER ON SMALL BOATS IN LIBERIA FOR TRANSPORTATION TO OCEAN FREIGHTERS

From the Firestone plantations in Liberia comes an ever-increasing supply of the world's finest rubber. Money saved here and in manufacturing and distribution enable Firestone to sell a safer, first-quality tire at lower prices.

Why FIRESTONE MAKES A SAFER TIRE AT A LOWER PRICE

PRICES AS LOW AS \$6.40

IN THE Firestone Standard Tire, you get extra value in the form of extra safety. It costs more money to build a safer tire. But Firestone can build a first-quality tire made of top grade materials and sell it for less money, because Firestone controls rubber and cotton supplies at their sources, manufactures with greater efficiency and distributes at lower cost. **YOU GET EXTRA PROTECTION AGAINST BLOWOUTS** — eight extra pounds of rubber are added to every 100 pounds of cord by the Firestone patented Gum-Dipping process. **YOU GET EXTRA PROTECTION AGAINST PUNCTURES** — because under the tread are two extra layers of Gum-Dipped cords. **YOU GET EXTRA PROTECTION AGAINST SKIDDING** — because the tread is scientifically designed. **YOU GET LONGER NON-SKID MILEAGE** because of the extra tough, long-wearing tread.

CITY'S BONDED DEBT \$89,000

(Continued from Page 1)
plant, carried by a large majority. The estimated cost of the improvements is \$80,000 and it is contemplated that the difference between the estimated cost and the indebtedness to be incurred will be advanced by the United States of America. None of the bonds will be sold however, unless a grant is received from the government.

Efficiency of the street department was materially increased during the year through the purchase of a street grader. During the early part of the summer, twelve miles of city streets were graded, oiled and sanded. Canal Street, from Main Street to the western city limits was completely resurfaced and seal coated with asphalt. This work was done with funds received from gas tax refunds from the state and a certain approved system of major streets is being improved and maintained.

POOL, PLAYGROUND

General maintenance work at the swimming pool and playground has been about the same as usual for the past year. A sprinkling system for the lawn at the playground was installed and the playground equipment was completely overhauled and renovated. The swimming pool has as in the past years, afforded a great deal of pleasure to the youngsters as well as adults.

WATER DEPARTMENT

A program of general improvement for the water department and replacement of some old water mains and a great many new extensions was undertaken in the fiscal year 1936-1937. About 75 new water consumers were added during the year and new meters put in. A number of such needed improvements were made at the filtration and alum plant and the system put into first class condition.

Careful budgeting and wise spending has insured the City of Placerville of a financially sound condition at the end of the year, and with a spirit of co-operation, and harmony existing, city officials look forward to an equally good year in 1937-1938.

ANTI-CHILD LABOR BILL PASSED BY SENATE; GOES TO HOUSE

WASHINGTON (UP) — The Senate today passed and sent to the House the Wheeler-Johnson anti-child labor bill.

The bill would prohibit the interstate shipment of goods made by persons under 16 years of age and would make such goods subject to the laws of the state into which they are shipped.

Forest Supervisor Edwin F. Smith was at Sacramento Thursday on business.

STORM BLOCKS SEARCH FOR SOVIET FLIERS, MISSING SIX DAYS IN ARCTIC

FAIRBANKS, Alaska (UP) — The third day of a northern storm kept rescue fliers grounded today and lessened the chances of finding the lost Russian airplane before winter settles over the Arctic.

Dense clouds, intermittent rains here and snows farther north precluded the search.

The six fliers had been missing six days.

JUSTICE BLACK RECEIVES COMMISSION AT LUNCH WITH ROOSEVELT

WASHINGTON (UP) — Senator Hugo L. Black, D. Ala., received his commission as associate Supreme Court justice from Pres. Roosevelt today as they ate lunch in the White House offices.

Black said he would resign as Senator and "most likely" would take the oath of office as justice late today or tomorrow.

TEST ABANDONED

SPRINGFIELD, Ill. (UP)—The state henceforth will discontinue the Wasserman test for syphilis, according to Dr. Frank J. Jirka, state health director. "Hereafter blood specimens will be tested for syphilis only by the Kahn method," Jirka said.

U. S. Deflates "Sucker Traps"

Federal Trade Commission Censors Extravagant Claims In Advertising Matter

By C. L. SULZBERGER

United Press Staff Correspondent
WASHINGTON (UP)—You can't learn to croon in 10 days, live forever, or "pack a 16-inch arm in your sleeve." The benevolent Federal Trade Commission says so.

The commission has been quietly moving in to combat improper advertising and the various forms of shill games built on P. T. Barnum's assumption that "There's a sucker born every minute." These are some of the results:

The commission has obtained an agreement from a Florida dentist to cease representing that artificial teeth purchased from him by mail order are better than any others or are the only means to obtain "your real individuality."

It received a promise from a Philadelphia firm to stop advertising its muscle builder as "the greatest exerciser made; the choice of champions and the emblem of power; it quickly stimulates muscular growth . . . by its use one can pack a 16-inch arm in his sleeve and duplicate the chain-breaking or iron-bending feats of Breitbart, Marx, Sandow, Moerk, Travis or Nordquist."

August Grobert, charged with being drunk and disorderly, was fined \$3 Thursday morning in police court.

Mr. and Mrs. Phil Frost left Thursday for a ten-day vacation visit at Santa Cruz and vicinity.

Personals

Charles Schaeppi was a visitor from Fruit Ridge, Thursday.

John Keller was in town from Lake Valley, Thursday.

Ranger M. D. Morris was in town Thursday from Pacific district.

Max DeBernardi was up this week from San Francisco, visiting his parents and other relatives and friends.

Charles M. Jackson, charged with being drunk and disorderly, was fined \$10 with the alternative of five days in jail Thursday in police court.

Miss Adela Beach is reported as getting along nicely following an appendicitis operation at Placerville Sanatorium.

Mr. and Mrs. Milton A. Orelli and Reese Eastlake left Wednesday to spend a week at Yosemite National Park. They plan to return via San Francisco to see the new bridges.

Gus Tingle, of the Big Canyon mine, was treated by Dr. A. A. McKinnon Thursday morning for a bad scalp laceration, caused by falling rock.

Mr. and Mrs. Ellis Vennewitz have started construction on a new home to replace their residence, destroyed by fire some weeks ago. It will be a Spanish type bungalow.

Ralph Eason, in charge of the Agricultural Conservation program for 26 Northern California counties, was a visitor in Placerville on Thursday, conferring with Farm Advisor Ivan Lilley and the county Agricultural Conservation association secretary, B. E. Haslam.

Cash Mercantile Store Enlarged

Mezzanine Floor Built For Ready-To-Wear Department Opens On Saturday

A new and enlarged ladies' ready-to-wear department at the Cash Mercantile Stores Company will be opened on Saturday.

The department is housed upon a mezzanine floor, 24 by 30 feet in dimension, installed at the rear of the main store room.

Construction has been under way for several days and was accomplished by raising the ceiling of the present store into the attic, thus permitting a full height 8-foot 6-inch ceiling for the new floor.

According to Manager H. V. Jespersen, the new department will feature two large try-on rooms in connection. "The splendid support and patronage that has been given our new department store during the past sixteen months has made it possible for the company to make this much needed improvement," says Mr. Jespersen.

"By the addition of the new floor, more room is created on the main floor in the shoe department, thus affording greater convenience for our customers and ease of service by the clerks."

In addition to the mezzanine floor, an office has been built on the same floor.

BUILDING BOOMS

SAN DIEGO (UP)—San Diego enjoyed the biggest building boom of recent years during the fiscal year ending June 30, it was revealed, and more than half of the \$10,281,226 in building permits issued were for construction of residences.
